

## Einstein in Verse Introduction to Special and General Relativity

By Feliciano T Bantilan

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 140 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Books on Einstein and his theories abound. However, this book is uniquely different. It presents key concepts in Special and General Relativity, in verse form. The aim is to make Einsteins insights more fun to learn. It uses rhyme and rhythm to render reading memorable and thus pleasurable. Moreover, what is pleasurable may foster a better understanding, as well as retention, of ideas. Use of verse apparently worked effectively in ancient times: in the Iliad and Odyssey of Homer among the Greeks; in the Vedas and Upanishads of ancient India; both rhyme, in the form of alliteration, and rhythm in Beowulf among the Anglo-Saxons, etc. The target reader is college-educated, or college student in third year, or anyone willing to puzzle it out, who desires to understand why time slows down and lengths contract when objects are in relative motion; how Science, Einsteins theories in particular, can contribute to answering the perennial question: what it is to be human; how to time travel to the future by staying young; etc. Relativity has a reputation of being difficult. For...

### Reviews

*An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Dominic Collins**

*This ebook could be worthy of a read through, and far better than other. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this publication to learn.*
