

Malibu: Hiking Along the Meaning of Life

By Michael Banks

iUniverse, United States, 2004. Paperback. Book Condition: New. 211 x 140 mm. Language: English Brand New Book ***** Print on Demand *****. Malibu is a hiking book about the natural beauty and ecology of Southern California. It combines philosophy with a love of nature and California's unspoiled coastal beauty. It is also a tragedy, as that landscape is torn up and paved over for progress, and Malibu is reduced to just another celebrity suburb of L.A. Malibu is a mixture of a West-coast Walden and a modern day In Praise of Folly. It is an epiphany and a lament, lyrical and ludicrous. It extols the virtues of a surfer's life and decries the illth of modern materialism. It is a polemic on the core values of modern life and challenges the premises of our everyday lives. Malibu invites you to read this book and take a hike.
